1. Our London business is good, but Vienna and Berlin are quiet. Mr. D. Lloyd has gone to Switzerland, and I hope for good news. He will be there for a week at 1496 Locust Street and then goes to Turin and Rome. He will join Colonel Parry and arrive at Athens, Greece, on November 27 or December 1. Letters there should be addressed to King James Balud 3580. We except Charles E. Fuller on Tuesday. Dr. L. Mc Quaid and Robert Unger, Esq., left on the 'Y.X.' Express tonight.

2. write about daily routine.

Everyday, I start by day by preparing for academic work at the Indian Institute of Information Technology Vadodra. I likely spend time focusing on projects and tasks related to C++ programming, weblog designs, and possibly hardware project, like my recent 7 bit binary to decimal converter project.

Throughout the day, I may also study or work on other assignment, possibly using logical thinking and problem-solving skills to handle complex tasks, like modifying existing systems as library or debugging the code.

After Academic work, sometimes I used to play cricket football and late night talks with friends.
