1. Our London business is good, but Vienna and Berlin are quiet. Mr. D Lloyd has gone to Switzerland, and I hope for good news. He will be there for a week at 1496 Louviers Street and go then goes to Turin and Rome. He will join Colonel Parry and arrive at Athens, Greece, on November 27 or December 2. Letters there should be addressed to King James Blvd 3580. We expect Charles E. Fuller on Tuesday. Dr L McQuaid and Robert Unger, Esq., left on the 'Y.X.' Express tonight.
2. My coaching friends.
During my JEE preparation I met some of the best people in my life. Especially my two friends and my teachers. It was the time when I dived deeper into who I am, what I think is right and wrong and what I want to do with my life (still figuring out) My physics teacher saw me like no one else. He mentored me like an elder brother on daily basis. When I didn't believe in myself, he did. Which was enough for me to keep going. When he left the institute a year later I was shattered because my backbone was gone. He was still there but not. This is when my friends came in. We were all struggling to manage time, our personal lives which were so messed up. But we had each other. We were trying to survive together. The institute had changed completely and we almost had no teachers. We all held onto each other, and supported and solved doubts. When nothing felt right in life, everything was eating me up like a termite inside out, they held me tight and didn't let me fall. And ever since, we never left each others' sides. Even today they are the first people I'd run to when I'm happy sad or just need someone to talk to. They became my second family.
