Our London business is good, but Vienna and Berlin are quiet. Mr. D. Lyod has gone to Switzerland, and I hope for good news. He will be there for a week at 1496 Louviot Street and then goes to Turin and Rome. He will join Colonel Parry and arrive at Athens, Greece, on November 27 or December 2. Letters there should be addressed to King James Bird 3580. We expect Charles E. Fuller on Tuesday, Dr. L. Mc. Quaid and Robert Unger, Esq., left on 'Y.X.' Express tonight.

I'm just an engineering student at IITV-ICD. I usually don't like to write on some topic or incidents but I am just writing that is coming to my mind right now. The atmosphere around the campus is fantastic and elegant, fresh air, chirping of little birds, greenery alongside just feels like a heaven. No matter what comes in the way of my daily routine, we just have to accept it and follow it because we have no any other option. Right? Daily 9 to 12 classes and 2 to 5 labs and that's all my academics schedule, then back to hostel rooms and relief for some time and then comes another day that repeats the previous one itself! You must have seen movie 'The Edge of Tomorrow' it has a tagline 'Live, die and repeat'. My daily routine is just a practical example of it!!
