Our London business is good, but Vienna and Berlin are quiet. Mr. D. Lloyd has gone to Switzerland, and I hope for good news. He will be there for a week at 1496 Louviot Street and then goes to Turin and Rome. He will join Colonel Passy and arrive at Athens, Greece, on November 27 or December 2. Letters there should be addressed to King James Blvd 3580. We expect Charles E. Fuller on Tuesday. Dr. L. Mc Quaid and Robert Unger, Esq., left on the 'Y.X.' Express tonight.

Salumarada Timmakka was a renowned Indian environmentalist and social activist from the state of Karnataka. She is the best known for her remarkable work in planting and nurturing over 8000 trees in her village, Kudur, and surrounding areas. Her journey began in the 1950s. She devoted her life to caring for nature. She started planting banyan and peepal trees in her village, which were then mere scrublands. Her dedication and perseverance transformed the landscape. Her efforts not only provided shade and shelter but also helped to conserve water sources, prevent soil erosion, and support local wildlife.
