2) So this is the short story of mine. One day, a young girl heard her colleagues making fun of her. She mistakenly was there, when she heard her friends or rather colleagues one may call, she heard them saying that she is a workaholic and if someone says that she can do it and appraise her a bit, she will do all the work by herself like a crazy workaholic. "Guys just say the magic words: 'you can do it' and she will do all the work like a baby" they said. She is a Korean (Typical asian), they thought and always made fun of her. Though they knew that she has stomach cancer and still they made fun of her. she was really vulnerable. - - - To be continued.
